

HYVE Meet

HYVE 100

HYVE 200

The HYVE

The HYVE was born out of a vision to create innovative outdoor spaces where agile working practices integrate seamlessly with personal wellbeing.

Simple – a modular design which maintains the inherent classic beauty, core strength and functionality

Versatile - fully fitted out to enable a healthier outdoor lifestyle

Eco friendly – sustainable materials and methods to care for the wellbeing of the environment too

Quick - short delivery times and off-site manufacture for minimum install impact

Complete – managing every detail from start to finish.

HYVE 100

An iconic hexagon style which stands apart from the norm. Designed as individual spaces which can be simply clustered or interlinked together.

HYVE 200

The classic square cornered space, available in many sizes.

HYVE 300

Combining the best of both worlds – large open areas with smart contemporary corners.

HYVE Meet

Designed for holding small group meetings, collaborative working or even a private virtual meeting in an outdoor setting the HYVE Meet Space brings an added luxury touch to the Hospitality or Corporate sector.

With full connectivity this package has everything for busy professionals to step aside to have focus time in the midst of their crowded day.

The healthier choice.
